

3S International Corp., Limited

www.3s-cabinet.com

Our Philosophy: Be open and honest and you will succeed. 3S International has 10 years experience in the home industry. Our expertise extends from Extraction and processing to the design, production and delivery of our fine products.

We are committed to excellent customer care and work closely with our clients to ensure each order meets their expectations through all stages of the process from their initial inquiry to final delivery.

We believe in building close relationships with all our clients and our commitment is rewarded with their long-term loyalty. We have been working with the majority of our customers in latest 8 years.

•your best supplier of Furniture

- **3S International Corp., Limited** now owns two factories and shares part ownership with four other manufacturing companies. Each is specialized in a certain field of home products.
- 3S has been a manufacturer of quality home products since 2002.
- Our manufacturing and design capabilities include a wide array of in door furniture products including storage and organizational furniture such as home living, home entertainment, home office, bathroom cabinet and accessories, kitchen cabinet and accessories, and also kid's room collection, etc.
- Each of the production capabilities exceeds 30 containers of finished products per month.
- We currently ship to and do business within the United States, Canada, Germany, France, Denmark and Italy.
- Our manufacturing is located in Fujian and Guangdong Province, China, because Fujian is the largest stone supply base in China, so we can supply the countertop with cabinet by ourself, and provide a better quality of product.

Advantage of buying from 3S Intl.

- The parent company 3S INTL has gained its reputation by working with worldwide major accounts, such as CARREFOUR, BED BATH & BEYOND for years, and is approved reliable supplier.
- The other subsidiary of 3S, 3S STONE has been working with American Market for a long time and helps 3S household products understand well what we need to provide, what the general and specific needs and requirements are, and most important of all, adjust itself for changes in market condition.
- 3S in-house Design Team has strong ability to design and has a keen insight to the worldwide market. Our Design Team's constant goal is to provide functional yet stylish products to accommodate our every client's needs. Each month there're about 30-40 new styles coming into the sample showroom.
